

SEB ImmoInvest has been in liquidation since 07 May 2012, the date on which the investment company, Savills Fund Management GmbH, gave notice to terminate its management mandate. After expiration of the notice period on 30 April 2017, ownership of the Fund's assets, which are held in trust for investors, was transferred by law to CACEIS Bank S.A., Germany Branch. Further information is provided on the internet page <http://www.savillsim-publikumsfonds.de/en>

Investment Policy

SEB ImmoInvest was designed as a classic core fund with a global investment approach. With a portfolio of 135 properties in 18 countries, the fund started the five-year liquidation period at the beginning of May 2012. At the end of the liquidation period on 1 May 2017, ownership of the investment fund was transferred to the custodian bank. Active asset management is currently being used to create the best possible conditions for the sale of the remaining properties. Adequate liquidity reserves must be maintained until the fund is finally liquidated in order to meet all obligations. As soon as properties are sold, risks are reduced and reserves are released, distributions are made to investors.
